

Medical Assistant/LPN for Float Pool

If you have a passion for unrelenting patient focus and innovation, we'd love for you to join our team!

Qliance has an immediate opportunity for an experienced Medical Assistant / LPN to join our float pool team providing coverage at our Downtown Seattle, Kent Station, and Mercer Island practices. A minimum of 2 years of successful MA/LPN experience is required. Compensation packages are competitive.

As a Qliance Medical Assistant, responsibilities include:

- Working as a member of an integrated healthcare team to collaboratively manage patient care
- Escorting patients to exam rooms, taking and recording vital signs and recording chief complaints
- Entering data in the electronic medical record
- Communicating with patients by phone and e-mail about health concerns
- Obtaining and coordinating referral services
- Administering vaccines, injectable and oral medications, and respiratory treatments
- Assisting with in-office procedures
- Providing wound-care services
- Taking x-rays (training provided)
- Collecting blood, urine and other samples and processing them for in-clinic and send-out testing
- Assisting with medication dispensing from the in-clinic dispensary (training provided)
- Participating in clinic and organization-wide quality improvement activities

Our ideal candidate will have:

- Intense patient focus
- Excellent communication skills
- Strong computer skills
- Positive personality and enthusiasm
- Daily dependability
- Professional demeanor
- As a float pool employee, you'll be expected to have dependable transportation and flexible availability.

How to Apply:

Review the Qliance website at www.Qliance.com and read about this exciting healthcare startup company that will be a major player in revolutionizing primary health care in the US! Then, please e-mail your résumé, salary requirements, and availability to careers@Qliance.com. Please reference Job #2010-006 in the subject line of your message.
